Subject: *Katz-Lacabe et al v. Oracle America, Inc.*, the case number is 3:22-cv-04792-RS)

Dear Class Action Clerk,

I hope this message finds you well. I am writing to formally express my disagreement with the settlement agreement proposed by Oracle.

As a customer, I believe Oracle has a fundamental responsibility to protect our data with the utmost diligence. The recent incidents have highlighted a failure in maintaining that trust, and it's imperative that the company takes comprehensive steps to rectify this.

I am seeking lifetime data protections and credit monitoring services to ensure the security of my personal information moving forward. Oracle must be held accountable for ensuring that such breaches do not recur and that affected customers are provided with long-term safeguards.

This is not a matter of convenience but a necessity to restore confidence and protect against potential future threats. I urge you to consider these points seriously in the resolution of this matter.

Thank you for your attention to this critical issue.

V/r,

Jose A. Ubiles
